What Else Happened in 1988?

In a proud statement issued from their company headquarters, Professional Safety Training Services, Inc. announced that 2003 is the 15th Anniversary of the founding of their business. The company was started back in 1988, the same year that fax machines began to appear almost everywhere. Their increased popularity was attributed to the greater speed of transmission and the continued drop in price of the machines.

Vice President George Herbert Walker Bush at age 64, won the U.S. presidential election with 53% of the popular vote, defeating Massachusetts' Governor Michael Dukakis. Bush was the first sitting Vice President to win the election since the year 1836.

Philip Morris bought Kraft for \$13.1 billion and Kohlberg Kravis Roberts & Co., paid \$24.9 billion for RJR-Nabisco, in the largest leverage buy out in history.

Why should we start doing business with some "Johnny-Come-Lately"? Professional Safety Training Services, Inc. has been successful for 15 years!

Sports & Entertainment

Baseball news was abundant this year. The Cubs made their own kind of history, no they didn't win, but they did play their first game at night, under the lights at Wrigley Field. The L.A. Dodgers took the World Series away from the Oakland Athletics 4-1. CBS paid \$1.1 billion for rights to major league baseball broadcasts and the Yankees fired Billy Martin for the fifth time.

In football, Washington beat Denver 42-10 for the Superbowl victory. Los Angeles won again in basketball as they took their second NBA victory in a row.

A London auction of Elton John's jewelry, used clothing and artifacts brought in \$8,224,637. It was said he sold these possessions to change his image and make more room in his home.

Yes, when you think about it, things have changed a lot in 15 years. But, after all this time there are some things which have remained the same.

One good thing is that Professional Safety Training Services, Inc. is still around and thriving after 15 years of hard work and lots of dedication by everyone involved... and most importantly, caring about customers who helped us reach this milestone.
